Charter Unit Acts to Speed Up Its Work

Thirteen of the 15-member Salem Charter Commission met in City Hall last night to hear the initial talk in a series of six lectures by authorities on municipal government.

Speaking to the group Monday night was Dr. Paul Kitchen, professor of political science at Kent State University. Dr. Kitchen's phase of the lecture series was devoted to a concise explanation of advantages and disadvantages of the three present forms of city government—Mayor-Council, Commission, and City Manager. A question and answer session followed his talk.

In the business session of the commission meeting, Chairman Lozier Caplan submitted a program formulated by the execu-

tive committee outlining deadlines confronting the commission.

"With election day on Nov. 7 this printed charter must be mailed to every qualified Salem voter by Oct. 2, 1961." "The charter must be in the hands of the voters 30 days prior to the election."

With this in mind, Caplan announced the following deadlines for the commission: June 3—completion of rough draft of charter; July 10 and August 7—general public hearings on charter; Sept. 1—completed charter to printer; Oct. 2—printed charter mailed to voters.

Will Meet Every Monday

To accomplish the projects prescribed, the executive committee has scheduled commission meetings

Ohio Legislature Studies Measure

Proposal Would Fix 19 as Majority Age

COLUMBUS, Ohio (AP)—When is a youngster old enough to take his place as a full-fledged member of Ohio society—at 21? at 18? at 19?

The question has been kicked around for years. It is before the Ohio legislature today.

Someone pulled the "magic"

figure of 21 out of the hat in the dim, distant past and it has been practically sacrosanct for centuries. Recent legislative assaults on the age of 21 as the age of majority generally have lowered the age to 18. None of these attempts even has approached success in Ohio.

Now comes Rep. Raymond E. Hildebrand, R-Lucas, with a new suggested age of majority—19—not just for voting purposes, but for every purpose . . . the right to marry without consent, the right to drink, the right to sue and be sued as well as the right to vote.

It is a thorough-going change in the law. It would revise 24 sections, every one of which now requires a persons to be 21 to be an adult.

Hildebrand came up with a proposed constitutional change to lower the age of majority to 19 and a bill to go with it which would make the required change in law. Hildebrand's was one of three major constitutional changes proposed as the Ohio legislature returned to Columbus to begin its sixth work week.

Sen. Kline L. Roberts, R-Columbus, proposed an amendment to increase the size of the State Senate from the present 38 to exactly delegation to the U.S. House of Representatives.

His proposal calls for the election of two state senators from each of Ohio's congressional districts. Congressional districts bear no resemblance at all to present State Senate districts.

Right now, Ohio has 23 congressional districts. Under the Roberts proposal, that would set the size of the State Senate at 46. But the 1960 census raised Ohio's representation in the U. S. House to 24. Under the Roberts proposal, Ohio's Senate in 1963 would grow to 48—twice as many as the 24th congressional district is set up. The proposal provides that no senatorial additions shall be made in a case where a congressman is elected at large.

If the Roberts proposal were in effect now, Republicans would outnumber Democrats in the Ohio Senate 32-14. But, as senatorial districts now stand, the GOP controls the Senate by the narrowest of margins, 20-18.

The third constitutional proposal came from Sen. Fred Hoffman, Cincinnati Republican who heads the Senate's Judiciary Committee. It would affect the governor's power of appointment on bipartisan boards and commissions. At present, the governor appoints board and commission members of both parties.

Hoffman proposes that the right to make appointments be split between the governor and the leader of the opposite party in the Ohio House.

Normally, the party which controls the governor's office has authority to fill, let us say, three of five positions on a bipartisan board with members of his own party. He also has the obligation to fill the other two positions with members of the opposite party.

No matter who is governor, some people object to a governor's selection of opposite-party members to these bipartisan boards and commissions. They are "weak sisters" or not dyed-in-the-wool opposite-party members, many of the governor's opponents maintain.

Election Board Creates 2 New Salem Precincts

Grants Ballot Places To 215 Candidates, Four Special Issues

The County Election Board at East Liverpool decided Monday afternoon to establish 13 new precincts in four cities and villages and six townships by dividing existing areas in which top-heavy votes of 400 or more were cast in the November general election.

The action would give Columbiana County a total of 165 precincts, as it now has 152. Salem would gain two new precincts. In addition, the board agreed to re-align the boundaries of two additional precincts, also as a result of heavy votes cast last fall.

Meeting at its office the Board also:

Withdrawal of 3 Candidates

Permitted the withdrawal of three candidates who had filed for the May 2 primaries, including Richard Carter, an East Liverpool aspirant for councilman-at-large; Bernard L. Ference, a well-known Democrat candidate for mayor, and Chris Paparadis Jr., 1475 Cleveland Ave., Salem, a Democratic candidate for Councilman-at-large.

Granted ballot places to 215 other candidates, including 105 Republicans and 110 Democrats, and four special questions and issues.

Awarded contracts for ballots for the primaries and for poll books for both the May voting and the November general election.

The decision to create new precincts also affects East Liverpool, East Palestine, and Columbiana Village, along with the six townships.

In East Palestine the board decided to divide 4-H; 1-D and 4-D

Power Rates In E. Palestine Are Protested

EAST PALESTINE — Two complaints concerning the recent increase in electric rates were heard by City Council Monday night. The rates were in effect for the first time this past week and were for the January power consumption.

The major complaint was presented from E. C. Milliken, superintendent of the Natco plant here. The plant is a major industry and manufactures building tile.

Mr. Milliken said their electric bill increased \$1,000 for the month. This showed a 65 per cent increase. It had previously been pointed out that the maximum increase would be 35 per cent.

The second complaint was from Edward Libert, operator of a small grocery store. He said because of the size of his store, he didn't believe it should be classed as commercial.

In view of these protests and many others, a special Council meeting was called for Monday night with engineers present from the Floyd G. Brown and Associates, the firm which helped to establish the new rate schedule. Any person having a complaint or wishing his bill to be explained, are invited to appear at this meeting.

Mayor Robert Harding told Council he had received many other complaints. He said although the domestic rate was a flat 73 cents a month, the illness of the meter reader during January delayed the usual reading of the meters by

Job Discrimination Bill Introduced

By News Staff Correspondent

COLUMBUS — State Sen. Arthur Blake, D-Martins Ferry, co-sponsored a bill in the General Assembly Monday night prohibiting job discrimination against persons between 40 and 65 on the basis of their age.

It is identical to a measure already introduced in the house by Rep. A. G. Lancione, D-Belmont. It would include the age provision in the fair employment practice law passed in 1959 prohibiting discrimination because of race, color or creed.

Blake promoted a resolution two years ago seeking a study of the problem of discrimination on the basis of age. It was not approved, but various groups which have been concerned with the problem of unemployment among those over 40 have continued to press for action.

Sen. Charles J. Carney, D-Youngstown, also was a co-sponsor of the measure.

Executives Get Jail Terms

7 More Antitrust Law Violators Receive Fines

PHILADELPHIA (AP) — Judge J. Cullen Ganev began the second day of sentencing antitrust law violators today by imposing fines totaling \$145,000 on seven of the nation's biggest electrical manufacturing firms.

Ganev, chief judge of U.S. District Court here, levied \$931,500 in fines Monday as he condemned the violations as a blot on American business. He also gave 30-day jail terms Monday to seven executives, effective next Monday.

The first sentencing today came for collusive sales of distribution transformers. General Electric and Westinghouse, the nation's biggest electrical firms, were fined \$30,000 each. Allis Chalmers, West Allis, Wis., was fined \$20,000; Kuhlman Electric Co., Troy,

Mich., \$10,000; McGraw-Edison, Elgin, Ill., \$25,000; Maloney Electric Co., St. Louis, \$15,000 and Wagner Electric Co., St. Louis, \$15,000.

All defendants are charged with price fixing and bid rigging in the sale of equipment that generates, transmits and distributes electric power.

Ganev imposed suspended jail terms Monday on 19 other executives. For the 19, however, he imposed five years probation "where a watchful eye can be kept on their activities."

Of today's defendants, 14 companies and five individuals were among those who have pleaded for leniency.

All had previously entered pleas

of guilty or no contest.

Ganev rejected defense pleas against imposing jail sentences. But he did soften the government demands for even harsher penalties while labeling the case "a shocking indictment of a vast section of our economy."

The antitrust cases were prepared and prosecuted under the administration of former President Eisenhower, and Justice Department recommendations for sentencing were delivered to Ganev before the Kennedy administration took office.

However, the new attorney general, Robert F. Kennedy, sent a message to Ganev which was read in court Monday saying that after reviewing the cases he favored Under their recommendations

the government sought fines totaling \$1,227,500 and jail for 23. It said the case involved firms doing an annual business of \$2 billion a year, or over \$8 billion during the indictment period between 1955 and 1959.

Judge Ganev, a former U.S. attorney who has been on the bench for 20 years, said the 29 corporations and the 45 men "flagrantly mocked the image of the economic system of free enterprise which we profess to the country." He said they "destroyed the model which we offer today as a free world alternative to state control and eventual dictatorship."

Only six of the 20 indictments handed up by four federal grand juries last year were disposed of Monday.

The 21 firms, including America's two biggest—General Electric Co. and Westinghouse Electric Corp.—were fined a total of \$822,500.

The 36 executives, including those jailed, were ordered to pay fines totaling \$109,000.

There can be no appeals to a higher court since the defendants had pleaded guilty or chosen not to defend the government charges.

The maximum corporation penalty on each indictment is \$50,000. Individuals can be fined a similar amount and jailed for a year.

The U.S. Marshal's office here said the jail terms probably would be served in Pennsylvania jails, either in Philadelphia or neighbor-

U.S. Strength Equals Russia's, Pentagon Says

States Investigation Shows No Missile Gap Favoring Reds

WASHINGTON (AP)—The United States and the Soviet Union have equal strength, the new top Pentagon command has concluded tentatively.

This finding—that there is no "missile gap" favoring the Soviet Union at present—is based on a swift but careful investigation ordered by President Kennedy.

The conclusion coincides with former President Dwight D. Eisenhower's view. He said Jan. 12 in his farewell State of the Union message, "The 'bomber gap' of several years ago was always a fiction, and the 'missile gap' shows every sign of being the same."

No Destruction Gap

The new civilian chiefs at the Pentagon also are convinced that there is no "destruction gap" that would imperil U.S. security in the months ahead.

Apparently, there is not sufficient information at hand to conclude whether there would be a "missile gap" in the future.

These tentative conclusions emerged from a comprehensive review of strategy, defense weapons and policy ordered by Kennedy as a prelude to strengthening U.S. defenses.

In his State of the Union message Jan. 30 Kennedy said he had ordered the reappraisal of military strategy to meet a coming "period of uncertain risk."

In his fourth debate with former Vice President Richard M. Nixon last Oct. 21, Kennedy said of the Soviets and their missile strength compared to that of the United States:

JFK Cited Breakthrough
"They made a breakthrough in missiles, and by 1961-2-3 they will be outnumbering us in missiles. I'm not as confident as he (Nixon)

SEMI DETACHED — A tractor-trailer rammed into a Baltimore overpass Monday splitting the trailer in half and dumping a portion of its cargo of insulating material into the street. Both lanes of traffic were closed. The driver, James D. Wiser, 26, of Huntingdon, Pa., was charged with reckless driving. Police said he was not injured.

C. of C. Sets March 7 Date For Dinner

Plans were made for the annual banquet of the Salem Area Chamber of Commerce at the monthly meeting of the board of directors Monday noon, Walter B. Null, president, announced.

Robert A. Oswald and F. Richard Wilson were named co-chairmen of the event to be held March 7, with final details to be announced later.

The next general membership luncheon meeting of the Chamber will be Feb. 20, at which time several committee reports will be made.

Chamber of Commerce and SAICD officials met Friday with representatives of the Cherry Hill Corp. as a result of a meeting with City Council last Tuesday. In an effort to solve several problems facing the company and its future expansion plans, company officials are considering suggestions made during the meeting.

The committee on organization structure for the Chamber is being completed and will be in operation soon. Several already are carrying out their assignments, announced Secretary Victor Balenger.

Minimum Wage Hike Action Set

WASHINGTON (AP)—President Kennedy today keeps the promise he made to send back to Congress the minimum wage legislation defeated there last year when as a senator he was its chief sponsor.

Kennedy is expected to recommend again legislation to boost the present \$1 per hour minimum to \$1.25 in two stages and to extend coverage to about 4 million additional workers. The law now applies to about 24 million.

As a senator from Massachusetts and the Democratic presidential nominee, Kennedy steered such a bill through the Senate last August after a bitter fight.

He refused to accept a milder House version, remarking at the time, "We'd rather come back and try to do it in January."

A number of business organizations already are gearing for a fight against minimum-wage expansion, particularly as to removing present coverage exemptions.

2 Sentenced In 1957 Slaying In Alliance

CANTON, Ohio (AP)—Two men—the last of five persons indicted for participation in the Feb. 7, 1957 house burglary and fatal shooting of Eldon Shoup, 25, of Alliance—were sentenced Monday after pleading guilty before Judge Paul D. Weber.

Paul (Red) Carpenter, 32, of Cleveland, charged with first-degree murder as the confessed trigger man, was permitted to plead guilty to second-degree murder. Carpenter also entered a plea of guilty to a charge of house burglary. He was sentenced to two life terms in Ohio Penitentiary, to run concurrently.

Raymond Paone, 42, of Alliance, allegedly had told the other defendants in the case where and when to look for the money, stolen in a burglary at the Alliance home of Frank E. Wells. Paone entered a plea of guilty to house breaking at night and was sentenced to the penitentiary for 5-30 years.

County Prosecutor Norman J. Putman recommended the reduction of the charge for Carpenter and Paone because the pair testified for the prosecution in the trial of two other defendants in the case.

Judge Weber followed Putman's recommendation as to the charge against Carpenter but refused to permit the lesser charge against Paone. Judge Weber granted Paone mercy, however, saving him from a life sentence.

Democratic Executive Committee Will Meet

Chairman Don R. Gosney announces that the Columbiana County Democratic Central and Executive Committees will hold a meeting Friday evening at 8 in the Lisbon Village Hall.

TO ELECT OFFICERS

LISBON — Election of officers will be held when the Columbiana County Committee of Central Ohio Breeding Assoc. holds its quarterly meeting Thursday at 8:30 p.m. in the County extension offices, according to Don Myers, county extension agent in agriculture. Other routine business will be transacted, with Frank Morris of Columbiana RD 2, chairman of the committee, in charge.

Kennedy Gold Program Wins Wide Approval

But Proposal Sparks Controversy Over Foreign Aid Spending

WASHINGTON (AP)—President Kennedy's program to halt the flow of gold abroad is winning favorable reaction on Capitol Hill. But his proposals sparked a new controversy over foreign aid spending.

Chairman J. William Fulbright, D-Ark., of the Senate Foreign Relations Committee read into Monday's presidential message new assurances that the foreign assistance program could be kept in operation despite the unfavorable balance in U. S. payments.

Won't Effect Foreign Aid
Fulbright told the Senate the message "repudiates without any equivocation any thought that our balance of payments situation will prevent our doing whatever is necessary in a foreign economic assistance program."

But Chairman Henry F. Byrd, D-Va., of the Finance Committee and A. Willis Robertson, D-Va., of the Banking Committee had distinctly different ideas.

Byrd said Kennedy's 18-point program moves "in the right direction."

"But I think a much more positive and constructive effort must be made to reduce our foreign economic aid," Byrd said.

He said Germany, Japan, England, France and other industrialized nations now are enjoying prosperity as the result of aid the United States gave them in the past.

"If foreign assistance is still necessary, the time is overdue when these nations, in their prosperity, should assume their share of the responsibility," he said.

Will Recast Program
Former President Dwight D. Eisenhower recommended a \$4-billion foreign aid program. Democratic leaders have said Kennedy would recast this to call on other nations to bear more of the burden of helping newly independent countries.

Many of Kennedy's recommendations can be carried out without congressional action. Others, such as his proposal to cut generally from \$500 to \$100 the amount of foreign goods U. S. tourists can bring back to this country without paying duty, will require some time for enactment.

Republicans generally took the line that Kennedy was not proposing anything particularly new. Sen. Prescott Bush, R-Conn., said that with few exceptions Kennedy was proposing to "continue and expand the necessary corrective actions initiated by President Eisenhower."

Meeting Set On Delinquent Boys Camp

A proposal has been revived to establish a camp for delinquent boys on a 28-acre tract of ground along Rt. 30 at Rock Camp.

County commissioners and Juvenile Judge Louis Tobin are scheduled to meet at the Courthouse in Lisbon next Monday at 2:30 p.m. to discuss the proposal with the East Liverpool Fraternal Order of Police and FOB associates, which have offered to donate the ground.

The police lodges' offer to donate the undeveloped ground first was made about a year ago, but no decision ever was reached. At the time, Judge Tobin and the other juvenile judges of the 18th Congressional District were discussing a proposal to establish a work camp for delinquent youth throughout the five-county district.

The meeting of the commissioners, the judge and the police lodge spokesmen was set after Judge Tobin wrote a letter to Walter Hunston, chairman of the commissioners. He told the commissioners he "would appreciate it if you would inform me if you are interested in pursuing the matter."

The tract of ground lies on the sharp curve of Rt. 30 near the Crocker City Farms—at the point where the Y and O. Rd. intersects the Federal highway at Rock Camp. Beaver Creek forms one of its boundaries.

The ground is owned by a corp-

2 Gunmen Get \$250 In East Liverpool

EAST LIVERPOOL — Two gunmen fled with \$250 Monday night from an east end clothing store after forcing the proprietor into a back room and binding his arms and legs with adhesive tape.

The stickup men rifled the cash register at the Louis-James Clothing Store after using an automatic pistol to menace the owner, Louis Yanni.

Yanni managed to break the bonds about five minutes after the gunmen fled. He telephoned police immediately, but the two had vanished, presumably in a car which they left parked outside. The stickup was timed at 8:10. Yanni was alone in the store.

Bliss Plant Included In Trip of Teachers

The E. W. Bliss Company of Salem, along with four other companies in the Mahoning and Shenango valleys area, will play host Wednesday to some 90 teachers from 24 school districts. The teachers will participate in a program of "School-Industry Seminars" coordinated by the Industrial Information Institute.

Teachers participating in the half-day program will visit a selected group of jobs representative of various occupational fields, and will discuss their requirements with men and women performing them. The afternoon session will conclude with a discussion with company officials.

Dan Friedberg of Leetonia participated in planning the seminar program.

Other companies to be visited along with the Bliss Co. are: American Steel Foundries, Alliance Works; Denman Rubber Manufacturing Company, Warren; Niles Glass Plant, General Electric Company; and Republic Rubber Division, Lee Rubber and Tire Corporation, Youngstown.

Police Activities In January Are Reported

Salem police last month received 1,181 phone calls, of which 389 required immediate attention, according to Police Chief Martin Lutsch.

A total of 1,068 patrol car radio calls was logged, 1,391 traffic tickets were issued, and 47 motor vehicle arrests were made.

Four arrests were made on intoxication charges, three for disorderly conduct, three for driving drunk and three for motor vehicle law violations. There was one dog bite case.

Twenty-four auto accidents were investigated, in which nine persons were injured. Of these 24 mishaps on city streets, 19 involved two cars, three were between an auto and a fixed object, one hit-skip and one auto-pedestrian.

Chief Lutsch said four grand larceny complaints were investigated, 11 for petty larceny, and two for breaking and entering.

Constable Winner Lists '60 Activities

A total of 10,811 miles was patrolled by Constable John Wanner of Perry Township in 1960.

During the year he made 30 arrests, investigated 18 accidents, in which 10 persons were injured, and issued 71 traffic warnings. Approximately 342 calls were made by the constable in 1960, of which 96 required further attention.

Two breaking and entering charges were investigated, 169 civil papers were served, two dog bite cases were probed, and 10 animals were shot by the Perry Township official last year.

Four prisoners were transported to the county jail, one stolen car was recovered, one car was found abandoned, and four runaway children were found by Constable Wanner.

Talk Will Get You Something

A projected 30-mile extension of U. S. Route 62 from Stark County to eastern Columbiana may miss Salem far enough that the relocated highway will have little or no effect of serving this city.

While local groups have been endorsing a southerly path for Route 62, which was one of three close-by routes recommended by professional engineers, Division 4 headquarters of the State Highway Department are now talking in terms of an extension of Route 62 from its present Route 44 junction, to go north of Alliance and continue in a northeasterly direction to connect with the yet-to-be-built river-lake road (Route 11) south of Canfield.

SUCH A PROPOSAL, if carried out, would take the new Route 62 north of Alliance and farther north of Salem. Carl Campbell, deputy director of State Highway Division 4 at Ravenna, readily admits that this path is being given serious consideration and that the first leg of the extension from Rt. 44 in Stark County to present Rt. 62 west of Alliance probably will be built in 1963.

It is safe to assume that if U. S. 62 ever goes north of Alliance it will never pass to the south of Salem.

What then?
It would appear that if state highway department officials carry out their favored policy of building new highways out in open farmlands, away from metropolitan cities, Salem will have to console itself with the faint possibility that, in the years to come, the state might widen and improve Rt. 62 between Salem and Alliance.

Carry It, Boys, Don't Wave It

When Teddy Roosevelt laid down his rule about carrying a big stick and talking softly, he said nothing about waving the stick. He thought it should be carried, not brandished.

This is apparently the thought of the Kennedy administration, which has taken a position that can be described only as anti-popeff. It intends to quiet down the discussion of foreign policy by giving it back to professional diplomats in the State Department. And it seems to be doing something about big-stick wavers as Adm. Arleigh A. Burke, chief of naval operations.

It caused Adm. Burke to do an extensive rewrite job on a speech he had prepared for delivery recently. When this news got into circulation in Washington, even Adm. Burke's warmest admirers were relieved, because he had been making a specialty of strong talk.

Americans like this sort of thing and take it in their stride. In election campaigns, for instance, candidates here say things about each other that would be unforgivable in countries where free-swinging talk is frowned on in political campaigns.

It isn't the effect on American ears, or the shock to American minds that is important. It is the effect on the butt of most strong talk by militarists—the Kremlin. The nervous men who make decisions in that place of chronic apprehension need no provocation to

HOWEVER, once a new limited access highway is built far to our north, hopes of future road construction in this area by the state will grow as dim as the eyes of those who once had visions of warranted improvements in this locality.

Salem officials and organizations have been talking and endorsing the southern route here for the past month but, lest the actions and vocal expressions haven't carried beyond the confines of the corporate limits, it is suggested by this newspaper that a local delegation make itself known at State Highway Department headquarters in Columbus.

Despite the fact that the Salem Manufacturers Association, City Council, Kiwanis Club, the Chamber of Commerce and County Mayors Association have gone on record in recent weeks endorsing the southerly line for Rt. 62, this and further actions will be of no avail unless a good liaison with the State Highway Department is maintained.

The right hand must know what the left hand is doing.

SALEM HAS HAD many highway committees in the past, some of them formed for mere expediency or to satisfy a political situation of the moment. Perhaps some good has been accomplished but nothing tangible has manifested itself.

An active, dedicated committee is essential.

And to coin an old expression, "the wheel that squeaks the loudest gets the grease."

Let's start talking!

convince them that they must leave nothing to chance in the armament race.

The existence of American armament is enough to keep them alert, without waving the big stick in public addresses that have the further nerve-wracking effect of scaring governments in countries that would be caught in an outburst of big-power belligerency.

Americans can be sold the necessity of strong national defense without being spurred on by strong talk. Teddy Roosevelt embodied much that was admirable in his personal philosophy of rugged living and strong thinking. His principle of letting military strength speak for itself has strong appeal.

Nothing will change the minds of military men like Adm. Burke and the others who have made a practice of waving the big stick. Their strong thinking is reassuring.

It is only their strong talking for international consumption that is questionable. If the Kennedy administration can calm it down without weakening their resolve, the United States will look stronger than ever.

It would be tough on doctors if people paid only for the advice they have sense enough to take.

More and more women are being employed by banks. They make good tellers.

Once Over

President Kennedy's second telecast press conference showed he has come along faster on TV than Bobby Darrin. Republicans lie awake nights worry over possibility he will make JFK program as harmful to GOP as FDR's Fireside Chats.

TV is terrific developer of public favorites and there is no telling what grip new President may get through it. Prospect of a Democratic chief executive becoming hot star in living rooms of the land is chilling 'em.

They even have nightmares in which Mr. Kennedy introduces first press conference with guest stars and ballet.

What to do? Well, the Republicans may have to begin using Dick Nixon immediately on a pro wrestling show and get Nelson Rockefeller to emcee a pro bowling championship telecast to keep them hot. In first press conference telecast JFK came on at hour challenged only by Felix & Friends, Mattie's Funnies and Popeye.

In second TV appearance he faced the Ranger Andy, Abbott & Costello, Doug Fairbanks and Dick Clark fans. "We're sunk," said a GOP leader today "if Jack, stages Saturday night press talk and wins the Perry Mason, Judge Roy Bean and Aqua Lung Adventures audience."

President's routine lacks humorous flashes. He is no fast man with the quip. But when tensions wear off and the call is not for too much dignity, JFK may begin playing the lighter mood, flashing smiles of which he is capable. He is no "log-cabin to White House" boy, but we could be nearing the era of "From TV to Two Terms" pattern.

Ike was warmer TV personality and got his laughs. President Kennedy clings to a "cold front" manner, but this may be because of extra serious problems facing him. All TV presentations need a "boffo" now and then. Republican talk of equal time is dangerous. (They might get it!)

Bell Laboratories is developing a device through which million conversations can be carried on a single light beam. This means that "Wait 'til I give you all the dirt, Myrtle," "Who is he running around with now?" and "Yes, I'm told they're both seeing their lawyers" talkers will experience no delay. "O, Oysters" is name of a Greenwich Village revenue. It has its "blue" points, we hear.

Penn. Station check shows porters have decreased by half in past two years. At Grand Central there is also a fall off. Ya mean they've BOTH gone at each station!

Well, redcap service, in the opinion of most travelers has almost disappeared with the American Indian and the buffalo herd. It is especially true at intermediate stations. On the New Haven Railroad there is city after city where only one redcap is visible.

Plenty of folks will be interested in the case of Miss Rhoda Harris, Gotham young woman, who went to court and got an injunction stopping builders from operations before 7 a.m. or after 6 p.m. New York law prohibits it, but it has been widely ignored. Miss Harris got fed up with disturbance. It was a case of steamshovels, riveters, bulldozers and carpenters versus a peaceful breakfast. Never underestimate the power of a woman.

The crack-down has started. Soon we'll see who cracks up first—the government of the U.S. or the empire of James Riddle Hoffa.

Attorney for the offense, Robert Kennedy, has set up a central "headquarters" to concentrate on the teamsters. To a room on the second floor of the Criminal Division of the Justice Department have been trundled all the records of cases, hearings and investigations in which Jim Hoffa has been playing the defiant starring role.

There are also the documents on Hoffa's supporting cast of characters. They're tough. But now we'll see who is tougher.

Every one of the millions of words of testimony before the McClellan committee is being examined for possible legal action.

DIRECTING the operation on Hoffa and his brotherhood is ex-FBI agent Walter Sheridan; Bob Kennedy's comrade throughout the Senate saga. Of him, the attorney general has said (in "The Enemy Within"):

They Go Anywhere

By TRUMAN TWILL

I am a sucker for the idea that the ultimate means of transportation will go anywhere under all conditions.

It will be part automobile, part airplane and part boat. Its users can go around the world if they choose, in a manner of speaking.

They can travel by highway, water, or take off cross-country. Travel will be as free and easy as it is for a seagull.

The idea captivates me.

In World War II, when the army experimented with trucks that could travel either on ground or in the water, I was fascinated.

When automobile companies began to fool with a vehicle that would move over the surface of the ground or the surface of water on a bubble of air, I was entranced. Now another dimension has been added to my dream of complete mobility. A new vehicle has been invented by a man named Robert W. Pinnes that will do all these things and submerge itself under water.

That's for me.
I can hardly wait for this super-vehicle to be put into production. So far, it's never been off the drawing board.

There's a trend forming. Military designers have a new vehicle they claim is truly amphibious. It runs on the ground, though, instead of just off the ground.

I, myself, have a clever little device that not only runs on pavements and cross-country on the ground but is reputed to be floatable and actually is the answer to the problem of traveling through snow.

It's the closest thing there is to Henry Ford's fabulous Model T, which ushered in the era of personal transportation.

The thing that later steered the era off course was giantism. Transportation, like football and basketball players, got bigger and bigger and bigger, until finally vehicles became so gigantic they became helpless.

The Model T used to travel cross-country before there were roads. It could do everything but swim. With

"Walter Sheridan, a slight, quiet, friendly-faced man, was one of our best and most relentless investigators. His almost angelic appearance hides a core of toughness and he takes great pride in his work. In any kind of fight, I would always want him on my side."

And that's exactly where he is after six years with the FBI on criminal work mostly in Philadelphia; and some three years with the McClellan committee.

All this news has nettled Jim Hoffa, for Walter Sheridan is a dedicated man—dedicated to getting his man, if it is legally possible.

This accounts for Hoffa's angry outbursts inside the sanctum and for his desk pounding and shouting at subordinates even under the Florida sun.

He has been eager to use his general executive board meeting for the announcement of new organizing drives which have ranged all the way from Gulf of Mexico shrimp boats to Roswell, N.M., missile base workers. His goal has been a federation of two million members. He wants no shadows cast over his dreams.

But more is piling up inside the Justice Department than the mound of records in that room on the second floor.

They Go Anywhere

By TRUMAN TWILL

the throttle pulled all the way to the bottom, in cow-milking position, you could believe you were flying.

Before civilization is 20 years older, there will be a family go-anywhere that can be used for boating in summertime, ice-sailing when the winds are gusty and lakes are frozen, turnpike cruising, side-road touring and cross-country exploring.

All my life I've dreamed about it, and now it's coming true. All that's required is patience while the boys figure out how to eliminate the bugs and get the first go-anywhere into production.

New Model

Inside Labor

By Victor Riesel

MR. KENNEDY has begun to concentrate on all organized forces which have invaded labor and are using some unions to help the boys take over many a legitimate business.

Most of this national investigation will be directed by the special Organized Crime and Racketeering Section of the Criminal Division.

Into this section there will pour all information on the movement of the big combines. Coordinated with this special unit will be the staffs and files of all other law enforcement agencies—from the Treasury Department and the Federal Narcotics Bureau to the enforcement sections of the Labor Department and the FBI, of course.

There will be a constant tracing of the combines' investments as they run from some unions to boxing to horse breeding to night spots even to mining and defense construction.

Directing the special section will be Ed Silberling who originally came out of the staff of Manhattan's crusading "DA" Frank Hogan.

THIS SPECIAL SECTION was created after the Kefauver exposures. Working with this section until recently was Milton Wessel's special task force on organized crime. After Wessel returned to private practice the unit marked time.

There are plans, it is reported, to revive the unit by having one special U.S. attorney in each of the federal judicial districts concentrate on the men of muscle. They will work with special FBI syndicated crime "desks," newly created in each area.

By weaving together all these legal and investigatory networks, Attorney General Kennedy is expected to bring in massive indictments in a year or so.

If these are successful, the crime combine may not be finally cracked but it sure will be well splintered for the first time since Mississippi gambling boats were raided with Derringers.

Kennedy's Popularity

By DAVID LAWRENCE

President Has Made Auspicious Start

Where does President Kennedy stand today in popularity throughout the country?

Many people who didn't vote for him are saying nice things about him. Their comment is that his television appearances thus far have made a good impression and that his statements on public policy have been restrained, cautious and prudent.

Indeed, while it is hazardous always to predict what a public opinion poll on the popularity of a president will show in the future, it wouldn't be surprising to see the Kennedy percentage go up into the 70s or even the 80s.

It will be recalled, however, that in the early days of his first administration, President Truman reached a figure of 87 per cent—all-time high for a president—only to drop to an all-time low of 23 per cent in November 1951.

This writer recalls that in the spring of 1945 Charles G. Ross, Mr. Truman's press secretary and a former newspaperman of experience, said privately that he was puzzled by the seeming lack of criticism and that things "look too good to be true." This often happens in what is described as the "honeymoon" period. Even President William Howard Taft was thrilled by it in 1909, only to find himself defeated 3 years later.

President Kennedy got the votes of approximately half the American people last November. Presumably he has retained that support and needs only to make some inroads in the other half. Apparently he now has made some substantial gains there.

THE UPS AND DOWNS of popularity polls show that, while public opinion isn't exactly fickle, it reacts sharply to the things that might be called "irregular."

Thus the Truman administration was hurt by the scandals that cropped up in various departments of the government and, though Mr. Truman personally wasn't in any way involved, the episodes nevertheless did turn public opinion away from him and helped bring about the defeat of the Democratic party in 1952.

Anything that touches integrity is a delicate issue, which quickly influences the voters. The public doesn't like political fixing or political chicanery. One of the main reasons for Dwight Eisenhower's almost unbroken popularity—it averaged 66 per cent throughout

his two administrations—was his aloofness from politics. He was for such a long time in the military service that he didn't have a chance to learn the wiles of politics. In fact, his environment and training led him to shun politics. He suffered some defeats in Congress because he didn't understand the art of playing politics but, on the whole, the country approved of him as a man who put the nation's interest above all else—even political gain.

Already whatever criticism has been heard about President Kennedy is that he is a practical politician who will make members of Congress toe the mark, or else.

The American people, it will be discovered in due time, don't like that kind of tactics. If it should turn out that all the high-sounding and noble phrases of recent speeches are surface virtues and that underneath is a political administration of the type from which the country has suffered in big cities like Boston, New York and Chicago, the popularity of Mr. Kennedy would drop precipitately.

There was, indeed, some raising of eyebrows when he put his brother in the Cabinet but fortunately for him that same brother is a competent young man who is likely to do a good job if he can only suppress his natural instinct and affinity for being in on political operations.

ON THE WHOLE, President Kennedy has made an auspicious start. He has surprised many conservatives by his disinclination to propose radical policies, though some of the reports from his numerous task forces are as theoretical as some of the ideas the New Deal "brain trust" brought forth—and equally unrealistic.

Certainly on world policy, the new President has made a favorable impression thus far at home and abroad. The real test will, of course, come when eloquently phrased principles have to be implemented by necessarily harsh decisions.

The European governments are in a receptive mood and will try to cooperate with the new administration here. There's a chance for dynamic leadership and if world affairs show a turn for the better after these many years of steadily increasing gains for the Communists, the American people will send the popularity poll up a lot of percentage points for President Kennedy.

Conversely, any impression that the Communists are being appeased—and there are some signs already that could be ominous—will in due time bring an adverse trend in the public opinion polls.

How-To Manual

By SAM DAWSON

NEW YORK (AP)—Now the banks are going in for marketing research. They want to know what makes their customers tick. Above all they want more customers. And they want more business from old or potential ones.

Competition to lure both savers and borrowers is growing. So the American Bankers Association is out today with a how-to manual. Its aim: To tell banks, big and small, how to find out what's wrong, if anything, with their present market and how to increase it.

This is an age of consumer research. Your motives, prejudices and buying habits are dissected and then put back into a pattern intended to be profitable for the bank or that industry. Banks are now turning to the technique of the day.

Their battle to attract and handle more customers is spurred by great growths of such competitors as savings and loan associations and credit unions, and by such special investing fields as mutual funds, the stock market, variable annuities, various forms of insurance, and U.S. savings bonds.

The ABA's new research manual would show each of the nation's 14,000 banks how to assess changes in its own position in the competitive race and then to find out what its customers are like, what they want, why they are going elsewhere with their savings

Ohio State Runs Up 100-65 Score on Indiana Cagers

Buckeyes Avenge Last Year's Loss

Bonnies Tounce Tennessee State; Slumping Bradley Loses to Drake

By HUGH FULLERTON Jr.
Associated Press Sports Writer

Two Eastern teams, St. Bonaventure and St. John's (New York) already have accepted places in the National Collegiate Basketball championship tournament. And they might as well reserve a spot for Ohio State, even though the Big Ten season is only half over.

The unbeaten Buckeyes, 1960 national champions, vented their wrath over unfavorable comparisons on the Indiana team Monday night and rolled up a 100-65 victory over what had been considered their strongest rivals.

"Our players got sick and tired of reading in the papers that we were better than we were last year," Ohio State Coach Fred Taylor afterward explained. Indiana had beaten the Bucks last season—their last defeat before the start of a winning streak that now has reached 22 games.

With seven conference victories, the Buckeyes appear to have a latch on their second straight Big Ten title. Only one other conference team, Iowa, has lost fewer than two games.

Bradley Loses to Duke

The situation was somewhat different in two other Midwest basketball hotbeds. Bradley, which seemed headed for a runaway in the Missouri Valley Conference not long ago, dropped the conference lead to Cincinnati as it lost its third straight game, an 86-76 upset by Drake. Kansas regained its tie with idle Kansas State for the Big Eight lead by routing Colorado 88-65.

St. Bonaventure, ranked behind Ohio State as the nation's No. 2 team in The Associated Press Poll, rolled over Tennessee State, the No. 1 small college team, 104-87.

Mississippi State continued its strong bid for the Southeastern Conference crown by whipping Tulane 73-59 on a 28-point performance by Jerry Graves while Tennessee knocked once-threatening Florida down into a second-place tie with Vanderbilt. Tennessee handed Florida its second straight loss 83-68. Vandy beat Alabama 73-70. In another SEC surprise, Louisiana State came up with its first victory on the Ole Miss court since 1954-75-69.

As a result of Indiana's defeat, Purdue moved into a third place in the Big Ten standings with a 96-79 triumph over last-place Michigan, gained largely by sinking 40 of 48 free throws. Illinois also passed the Hoosiers by defeating Wisconsin 77-73. In a non-conference game, Michigan State beat Notre Dame 89-74, ending a 24-game winning streak for the Irish on their home floor.

After the first few minutes, Kansas had a fairly easy time against Colorado, weakened by an injury to Wilky Gilmore. Bill Bridges was a stickout for the Jayhawks, scoring 21 points and taking 19 rebounds.

Xavier Upsets Detroit

Elsewhere in the Big Eight, Iowa State used sure outside shooting to end a three-game losing streak with an 80-63 victory over Oklahoma State and Oklahoma downed Nebraska 69-58.

In other major games Memphis State, which just accepted a bid to the National Invitation Tournament in New York, celebrated with a 104-73 victory over Richmond. Davidson moved out of the Southern Conference cellar with an 89-79 decision over VMI. Florida State downed The Citadel 83-77 and Xavier of Ohio took a 99-96 overtime decision from Detroit.

County Race Remains Close

Kenny Cunningham Has New Scoring Rival

East Liverpool's cage flash, Kenny Cunningham is still the leading scorer in Columbiana County but he has a new challenger.

Salineville's Ronnie Giannone banged home 40 points against Augusta Saturday and moved around Don Davidson of Salem into the number two spot.

Cunningham has notched 278 markers in 13 games for an average of 21.4. Giannone has 273 points in 14 contests for a 19.5 average.

DAVIDSON OUTSCORED Cunningham in their personal duel last week, 28-25, but the Potters won the game, 72-69. Davidson hiked his point total to 263 for 14 games. His average is 18.8.

Right behind Davidson is Jim Harshorn of East Palestine with 262 points and an 18.7 average for 14 games.

The second best average in the county is owned by Bob Kiggins of Wellsville but the Tigers have played only 11 games. Kiggins has a 20.5 average compared to Cunningham's leading 21.4.

DESPITE THEIR LOSS to East Liverpool last week, the Salem Quakers still boast the best record in the county. The Quakers have won 12 games and lost only three. Beaver Local is second with an 11-3 mark.

All 11 county schools will be in action at least once this week.

Three games are on tap for tonight. Wellsville will travel to Steubenville Central Catholic. United will play at Jackson-Milton and Salineville will be at Newell, W. Va.

IN GAMES FRIDAY, the schedule shows Toronto at East Liverpool, Boardman at Salem, North Lima at Fairfield-Waterford, Chester at Wellsville, Minerva at Columbiana, Lisbon at Poland, East Palestine at Louisville, Sebring at

Leetonia, United at Carrollton and Beaver Local at Salineville.

Saturday's bill includes Greenford at Fairfield-Waterford, Wellsville vs West Branch at Salem, Leetonia at Minerva, Poland at East Palestine, Salineville at United and Columbiana at Lisbon.

Here are the standings of the 11 county teams and the individual scoring leaders:

Old Dutch Nips Salem Stamping

Herron's Remains Only Unbeaten Club

Herron Transfer whipped Coy Brothers Trucking, 73-43, to continue as the only undefeated team, and Old Dutch downed Salem Stamping, 60-53, to highlight action in the Salem Class A basketball league last night at the Memorial Building.

First National Bank handed the Berlin Merchants their third straight setback, 66-58, in the other fray.

DEAN NICHOLSON and George Ramsey each tallied 21 points for Herron's in its rout of Coy Brothers. Dale Gromley's 13 points were high for the losers.

The victory for Herron's was its third straight in the second round. Coy's has dropped all three of its games.

Salem Stamping couldn't stop John Mandish underneath the hoop as the lanky Old Dutch cager tallied 29 points in his teams 60-53 win.

MANDISH LED a fourth quarter spurt which pulled Old Dutch from behind. Old Dutch led 11-7 at the quarter and 23-22 at intermission but the scoring of Bill Pauline, Jack Alexander and Fred Ackerman pulled Stamping into a 40-39 advantage at the end of the third period.

Pauline wound up with 19 points and Ackerman with 17 to pace the losers.

Ray Pinkerton hooped 20 points, his high for the season, in leading First National to its win over the Berlin Merchants. Andy Saffkow contributed 16 points and Chuck Greiner added 14 to the winning cause.

High for Berlin were Jim Coman with 18 and Don Schaffer with 13.

DAVE HUNTER SCORES 43 Points, Gets 20 Assists In Game

Salem's Dave Hunter must have set some sort of a record while playing for the William & Mary freshmen against the Richmond frosh recently.

The talented cager not only hooped 43 points in one game against arch-rival Richmond but he also was credited with the almost unbelievable total of 20 assists. This was the second game in a row that Hunter had assisted on 20 baskets.

An indication of how unusual a feat 20 assists per game is, the leader in the professional National Basketball Association is Oscar Robertson of the Cincinnati Royals. Big O is averaging nine assists per fray.

William & Mary won their game from Richmond, 103-71, avenging an earlier 71-57 defeat.

Hunter now has a 25-point average although he seldom plays much more than half a game since the freshman coach uses all of his players in every contest to give them experience.

Freshmen do not play varsity ball at William & Mary.

Reports from William & Mary indicate that the former Salem High flash is doing all right academically, too. Dave had a high "B" average for the first semester.

Minerva, Columbiana Tangle in Rematch

By DICK BRAUTIGAM

The Columbiana Clippers will have an opportunity to throw the Tri-County League race into a scramble this week when they entertain league-leading Minerva.

Columbiana, with four loop defeats, has a very slim chance of getting in on the title but the Clippers could deal a harsh blow to the Lions. Minerva was extended right down to the wire by the Clippers earlier in the season on the Lions' home court. Minerva finally won that game, 69-65.

That was Columbiana's first league setback but since then the Clippers were upset in three other league games. Coach Rich Berryman's club showed signs of returning to form last week when it crushed Sebring, 70-43. The Clippers may have what it takes to hand Minerva its second setback of the season Friday.

THE LIONS had a streak of 37 straight Tri-County League victories snapped last week at Poland by the Bulldogs.

Minerva's 9-1 record gives it a one-game lead over East Palestine which has an 8-2 mark. East Palestine takes on Louisville Friday and then plays host to Poland in a big game for both teams Saturday.

Louisville, Leetonia, Sebring and Lisbon have already been eliminated from the title chase.

The complete card Friday shows Minerva at Columbiana, Lisbon at Poland, East Palestine at Louisville and Sebring at Leetonia.

Saturday's bill shows Leetonia

'The Crusher' Featured Here In Wrestling Card Feb. 17

Ace Freeman, 218 pounds, from New York City will take on "The Crusher," 240 pounds, from California in the main event of Promoter Frank Julian's wrestling card slated for Feb. 17 at the Hi-Neighbor Dance Hall in Salem.

Julian calls "The Crusher" one of the best developed men in the wrestling profession. The main go will be two out of three falls with a 90 minute time limit.

In the semi-final bout, Don Fargo, 232 pounds, from Hollywood, Calif., will take on Billy Fox, 218 pounds, from Nashville, Tenn. This bout will be two out of three falls with a 45-minute limit.

The opening match at 8:30 p.m. will pit Pete Kovac, 220 pounds, from Canada against Ed Flata, 300 pounds, from Steubenville.

Most of these wrestlers appear regularly on television in this area on Saturday evenings.

The matches at the Hi-Neighbor Dance Hall are being sponsored by the Salem Junior Baseball Leagues. Tickets are on sale at Fisher News in Salem and Morgan Drugs in Lisbon.

Sportsman Club Sets Election of Officers

Additional nominations will be accepted and the election of officers for 1961-62 will be held when the Beaver Creek Sportsman Club meets Thursday at 8 p.m. in the club building on the Canfield Rd.

A bow fishing movie will be shown and a luncheon served.

Race All Over In Inter-County

McDonald Wins Title, Boasts Top Scorer

The McDonald Blue Devils, who last week wrapped up the Inter-County League title by defeating runner-up Lowellville, become the first area basketball team to complete their 1960-61 regular season schedule when they wind up Saturday at home against Mineral Ridge.

Like most area teams, McDonald plays an 18-game schedule before entering tournament competition. The Blue Devils have a 12-4 record with a game slated against Vienna on Friday before the Saturday finale against Mineral Ridge.

THE RACE FOR SECOND place in the Inter-County League is still wide open. That picture should clear this week. Lowellville (2-2) and Greenford (1-1) are currently tied for second place.

Greenford has three games on tap this week and two of them are league encounters. The Bobcats take on Western Reserve (0-3) tonight and Fairfield-Waterford (1-2) on Saturday. Greenford also hosts Canfield in a non-league tilt on Friday.

Lowellville's remaining game is against Greenford on Feb. 18.

Other non-league games this week include Lowellville at Vienna tonight, and Jackson-Milton at Lowellville on Saturday.

A RAPIDLY IMPROVING North Lima quintet takes on Fairfield-Waterford in a league game on Friday at New Waterford.

McDonald's Pat Patterson appears to just about have the individual scoring title all wrapped up in spite of a strong effort by Ward Manchester of North Lima.

Manchester racked up 30 points in North Lima's 61-54 win over Mineral Ridge Saturday.

Manchester has 222 points in 15 games for a 14.8 average. Patterson has 286 markers in 16 contests for a 17.9 average.

Here are the league standings and individual scoring leaders:

Team	League Season
McDonald	5-0 12-4
Lowellville	2-2 8-6
Greenford	1-1 6-7
Fairfield-Waterford	1-2 10-4
North Lima	1-2 5-10

Browns Sign Formers Youngstown U. Player

CLEVELAND (AP)—The Cleveland Browns have signed Jack Campbell, a 245-pound University of Toledo tackle, and Don Tuel, a former Youngstown University quarterback.

Campbell, who graduates in June, was Cleveland's 19th draft choice last year. Tuel, who dropped out at Youngstown a couple of years ago at the start of his junior year, asked the Browns for a tryout. He is 6-foot-2 and weighs 190 pounds.

New Yorker Seeks Pro Grid Franchise

CINCINNATI (AP)—Bob Rappaport, young New Yorker who says he aims to put a pro football team in Cincinnati, says also he has the money backing and good prospects for a franchise "within six weeks."

Officials of the year-old American Football League Monday said he has a good chance to get the franchise, but perhaps not until summer.

One league source said Rappaport might get the franchise in any one of three cities.

Rappaport said Monday he wants to field a team for the 1962 season, and call it the Cincinnati Dukes.

He said he came to a reasonable understanding over hire of Crosley Field, home of the baseball Cincinnati Reds, for games.

Rappaport said he picked Cincinnati because it was one of the few big league cities without a pro football franchise.

He said Pete Pihos, now an assistant coach at Tulane, had agreed to coach the new team.

Three of Venditti's assistants are expected to accompany him to Canton. They include Bob Hedmond, Nunzio Pollicene and Ray Peduzzi.

Venditti, 38, is a native of Stark County. He has been in the coaching ranks 12 years. Last season his team won six games, including an 8-6 upset win over the Salem Quakers. The previous season he had a 7-3 record. Venditti's best campaign was an 8-2 mark in 1955 on a team led by Bernie Allen, star quarterback at Purdue U. the past season.

The East Liverpool Board of Education will start accepting applications immediately for a new head coach.

Venditti got a three-year contract at Lincoln, calling for about \$7,500 per year. Of that total, \$1,350 will be for coaching football. He was getting \$950 for football at East Liverpool.

Venditti's five-year record with the Potters showed 26 victories, 22 losses and three ties.

Dayton Roosevelt Regains Top Spot in Class AA Poll

By FRITZ HOWELL
COLUMBUS, Ohio (AP) — The southwestern district is going to have a tough time naming its representative to the Ohio high school basketball tournament in the double-A division.

In the weekly Associated Press poll today, 47 sports editors from all parts of Ohio decided the three top teams in the state are from the southwest—and only one can emerge from the regional tournament there.

Dayton Roosevelt's state champs, after being knocked from the top rung in the ratings a week ago by Hamilton Garfield, were right back up there this time, with Garfield second and unbeaten Cincinnati Elder a challenging third.

Also in the fight for the southwestern berth are unbeaten Urbana, the sixth placer, and ninth place Kettering Fairmont, beaten but once.

Ayersville's 1957 champions, after handing third-ranked Convoy Crestview its first defeat by 58-47, stretched their lead in Class A over Salem Local's 1960 kings of the smaller schools.

A week ago Ayersville had a 105-point lead under the 10-9-8-etc. voting system. Today it's 116. Roosevelt, 46 points back of Garfield a week ago, gained 65 to move ahead by 19 in the class Class AA race.

There were no changes in the Top Ten personnel this week, although Athens and Portsmouth in Class AA were beaten, as were Convoy Crestview and Belle Center in Class A. The losses caused some shifts in position, however.

Ashland's Roger (Whitey) Laughlin sank a 70-foot shot, probably the season's longest, but the Arrows lost 65-57 to New Philadelphia. When Nelsonville snapped Athens' 15-game winning streak 63-47, it was the third straight year the Greyhounds beat the Bulldogs on the Athens floor.

Now that Hamilton's once-famed Big Blue has been divided into two schools—Garfield and Taft—the gyms are too small to hold the crowds. Garfield nosed out Taft 59-58 last week—and you may find them clashing in Cincinnati Gardens, not at home, before too long.

Cleveland East Tech lost three starters, 6-g Earl Johnson, 6-Joe Porter and 6-E Ed Brown by mid-year graduation, but beat John Hay 90-35 and Benedictine 76-48 last week without 'em.

Probably the state's most consistent player is Bob Dills, 6-0 Clyde senior. In six of 14 games he's hit for exactly 21 points, and his season's average is 20.9.

Big man's game? Ron Giannone, 5-8 guard for Salineville, scored 40 against Augusta Saturday—tops for the season in the district.

Martins Ferry, with a 12-2 record, hasn't lost to an Ohio team. The Purple Riders have won the Valley football title the last two years, and are heading for the cage crown Jim Brown, who won the state subjunior golf championship in 1959, is the team's hot-shot with an average of 18.

Chillicothe's Gary Hall scored 27 in the 90-50 win over Coshocton. Included were nine straight free throws to boost his charity record to 106 of 121.

Dick Ricketts of Belle Center, top scorer with a 34 average, was held to 18 by Hardin Northern—and Northern won 67-60 over the sixth-ranked Class A team.

Some of the Class A teams are going into county tournaments this week — their regular campaign completed. The Associated Press ratings will continue until all are in tournament play.

United, West Branch Still Hopeful

Canfield One Win Away From Turnpike Crown

Canfield can become the first basketball champion of the new Turnpike Conference with a victory over Springfield Local Saturday.

The Cards have a 4-0 loop record and have already assured themselves of at least a tie for the crown in the six-team conference. Three other teams still have mathematical chances to tie for the title. United, Springfield Local and West Branch each have but a single loss in loop competition.

ONLY JACKSON-MILTON and Warren St. Mary's are completely out of the picture. Either Springfield Local or West Branch will be eliminated on Friday night as they clash in a league encounter at Damascus.

Other conference games this week include a tilt at Hanoverton tonight between Jackson-Milton and United and a contest at North Jackson on Friday between Warren St. Mary's and Jackson-Milton.

In non-league games Friday Canfield will play at Greenford and United will travel to Carrollton.

A big game is scheduled Saturday at Salem where West Branch will play host to a strong Wellsville quintet. United figures to meet stiff opposition on Saturday when Salineville invades.

Warren St. Mary's will entertain Youngstown Cardinal Moore and Jackson-Milton will travel to

Lowellville in other non-loop games Saturday.

UNITED'S JERRY SCHAFER still clings to the Turnpike Conference scoring lead. The ace of the Golden Eagle quintet has a 27-point edge over his nearest rival, Tom Baxter of West Branch. Schaffer has 234 points in 14 games for a 16.7 average. Baxter has 207 markers in just 13 contests for a 15.9 average. Schaffer and Baxter are the only two cagers in the conference who have topped the 200 mark in scoring.

Here are the standings and individual scoring leaders:

80 Attend Trot, Pace Banquet at Lisbon

There were 80 persons in attendance at the Trot and Pace Banquet in Lisbon Saturday. Films of the "Little Brown Jug" and the "Hambletonian" were shown. Pamphlets "Your Key to Harness Racing" and "The Standardbred Sport" were passed out. The "1959 Yearbook" was given as a door prize.

Guests were present from New Castle, Pa., Ravenna, Salem, Levern Rogers and Bergholz.

The meal was served by the tee.

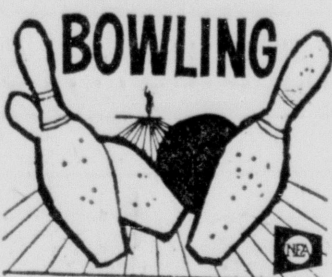

After a session of memories of great events of the past on the tracks, the meeting came to a close.

Howard Shaeffer came up with a fine 614-243 series last night to lead bowlers in the Quaker City American League at Timberlakes. Just off the pace were Bob Terry, 605-234-223; and Russ Stallsmith, 605-234-215. Other high scorers included John Ehrhart, 591-233; Larry Felton, 588; Paul Shone, 564; Glen Couchie, 562-212; Allen Borton, 552; and Pete Cain, 545.

In the Quaker City National League, the top bowler last night was Norm Pim who recorded a 568-210; and Mike Volpe, 523. Dan Rice posted a 210 and Don Rober a 209 in single games.

Hotel Metzger took team honors in the American section with scores of 2678-950. Tops in the National section was Ellyson's Plumbing with 2512-876.

Bob Senior's 620-213-201-206 was the best series in the Industrial Nite Turn League at Saxon Lanes. Other high scorers in that loop included Ed Mozinga, 610-205-202; Don Oesch, 600-202-202; and Ed Westphal, 562.

Bliss No. 3 had a 2896 team high series and a 962 high single. Bruce Whitcomb racked up a 577-210 and Walt Hartman rolled a 528-217 in the Area Merchants League. Saxon Lanes swept team honors with 2592-934. Eljer Pattern had a 2510 series.

Leo Wachsmith's 622-222-210 was the best series rolled in the city last night. Leo rolled in the Monday Nite Scratch League at Saxon Lanes.

Other fine scores in that loop included Ray Thompson, 619-224-203; Bernie Bott, 587-230; Walt Elievick, 583-226; Harry Brown, Miller, 555; R. Shaffer, 552; Mike Kufelner, 551-234; and Paul Miller, 550-214.

United Surprises Quaker Freshmen

The Salem freshman basketball squad ran into a tough, fired-up United team Monday and suffered a 50-43 upset defeat at the hands of the Golden Eagle yearlings.

United used a rough house full court press to good advantage as the Eagles were able to put together several rallies to keep ahead of the Quakers all the way. United held quarter leads of 10-8, 29-19 and 37-29.

Salem was not able to hold Votaw of United who would sneak in under the hoop for easy layups. He wound up with 23 points. Bink Washington collected 12 to lead Salem. Spack pulled down 10 rebounds for the Quakers.

Coach Tom Cope of Salem called this "the worst Salem has looked all year as they anticipated an easy victory."

In shooting percentages, the Eagles shot 40 per cent from the field while Salem hit 33 per cent of its shots. From the foul line, Salem was 9 for 22 and United was 6 for 20.

Salem has its toughest game of the season coming up tonight when it travels to East Liverpool to meet Eastgate. This Potter team hasn't been beaten in two years.

SALEM FRESHMEN—43 Frank 2-0-4; Spack 1-1-3; Washington 4-4-12; Capel 0-0-0; Wukotich 1-1-3; Barrett 0-0-0; Anderson 2-2-6; Baum 0-0-0; Begalle 3-1-7; Carter 4-0-8. UNITED FRESHMEN—50 Grindlie 3-0-6; Curtis 2-0-4; Orsburn 4-2-10; Votaw 10-3-23; McCranahan 2-3-7; Russell 0-0-0.

United Juniors Cop Tourney Opener

Highlandtown defeated Wayne 27-10 in Class B and United trounced Fairfield-Waterford 26-12 in Class A in opening round games of the United Junior High Invitational basketball tournament last night at United School.

Homer Sturgeon popped in 12 points in leading host United to its win. Alty tallied seven markers for the Rebels. United pulled away after a close first half. Fairfield-Waterford held a slim 9-8 lead at intermission.

Highlandtown had an easier time with Wayne as it opened up a 12-6 advantage in the first quarter and was never threatened. Forbes collected 10 points for the winners while Weston had 8 to lead Wayne.

Second round games Wednesday will pit Franklin against No. 16 of near Wellsville in Class B and Beaver against Salineville in Class A. The first game starts at 6:30 and the Class A tilt will be played at 7:30 p.m.

Cold Weather Types

By HAL BOYLE

NEW YORK (AP)—Blow, wind, blow! Let mother nature go on the wildest winter rampage she wants to. Let it rain, let it hail, let it snow! Sure, we can take it. But we

could take it a lot better if some of the characters cold weather brings out would just hibernate until spring—and let us endure winter's woes without them.

We nominate for hibernation: The man who greets you every morning from the first of November until the 31st of March with the remark, "Cold enough for you?"

His elfin counterpart, whose invariable daily greeting during the same period is, "Warm enough for you?"

The poetic secretary. She gazes out the window at miles of pallid city slush and asks soulfully, "Isn't it a veritable winter wonderland?"

The fellow who sees good in everything. His initial reaction to a 17-inch snowfall that cripples 12 Eastern states: "Well, anyway, it's a million-dollar blessing to the farmers."

The tiresome veteran of even-more-awful weather. "You call this a storm?" he demands. "Why I remember a storm when I was a boy and it sleeted so hard the wind blew holes right through the tree trunks. The next morning every tree in our yard looked like it had been drilled by 10,000 woodpeckers."

Little runny-nosed neighbor children who say, "Our daddy says he is going to stay out and help us make three more snowmen and a fort. What are you going back inside for? Are you a sissy?"

Stalled motorists who plead to a passing pedestrian, "Give us a little push, will you?" and when you step behind their cars, they spin their rear tires and cover you with muddy slush from toe to eyebrows.

The cowardly apartment house dog. He paws frantically at the door to let you know he needs an airing. You spend half an hour wrapping up in heavy clothes. Then, once outside, the dog sticks one foot in the snow, shivers—and races yelping back for home and warmth.

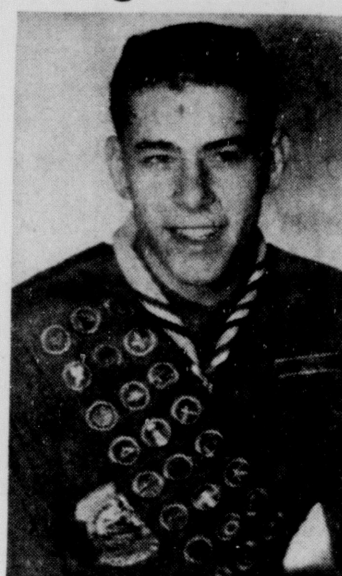

The hardy suburbanite. After a one-inch snowfall, he stayed home for three days while you do his work at the office. The fourth day, bundled up as if he had mushed all the way from the Yukon, he shows up burbling, "Gee, you should live out in the country. It's never looked more beautiful."

The health nut. "The best way to protect yourself against pneumonia in this kind of weather," he advises, "is to eat three tablespoons of blackstrap molasses mixed with four ounces of cottage cheese five times a day." After two days of this diet, he gets sick

Two To Become Eagle Scouts

James M. Peters

Arthur Spack

James M. Peters and Arthur Spack, members of Boy Scout Troop 2 of The First Methodist Church, will be awarded the Eagle Scout rank at a banquet to be held Wednesday at the church.

A son of Mr. and Mrs. James Wallace Peters of 721 N. Ellisworth Ave., James is 17 years old and a junior at Salem Senior High School. He has been a member of Troop 2 for the past six years and was a cub scout of Pack 2 for two years.

He has served as den chief, scribe, quartermaster, patrol leader, senior patrol leader and junior assistant scoutmaster. He is a member of the Order of the Arrow and has earned the 50th anniversary award.

He has attended all camporees, camporals, and polar bear camps since becoming a scout.

For the past two summers he

has served on the staff at Camp Twin Spruce, Leesville, where he was in charge of the trading post. Jim has earned 24 merit badges.

Arthur Spack, a son of Mr. and Mrs. John Spack of Brookview Manor, is 14 years old and a freshman at Salem Junior High School.

He has been a member of the troop four years and was a cub scout with Pack 2 for two years.

He has served as den chief, patrol leader, scribe and at present is senior patrol leader.

He has earned 25 merit badges, was awarded the 50th anniversary award, and is currently working on Pro Deo Et Patria, a Luthern award for scouting.

He was at Leesville summer camp in 1959, and he attended Polar bear camps and camporees. Arthur also attended the National Boy Scout Jamboree in Colorado Springs, Colo.

for a week—and you have to do his work, too.

There is also the wife who insists that you trudge a mile through the worst storm of the year with her so you can pick up a bargain in a rib roast at a distant supermarket, and then announces, "We'd better not buy it. It looks good, but the regular butcher is off today—and I don't trust this one."

There is also . . . But the list of cold weather characters who ought to hibernate is endless. Can't you name a dozen yourself?

Salt Mountain in the southwest of the Dominican Republic consists of a block of salt about 10 miles long, from one to two miles wide and from 100 to 400 feet high. Scientists estimate that it contains 150 billion tons of salt.

ANSWERS YOUR PROBLEMS

Agree on TV

Dear Ann Landers: Just keep up the good work and you'll be responsible for 20,000 divorces in Cuyahoga County alone next year.

I am referring to your advice to Feather's Flying. Why SHOULDN'T a wife clean the foul and fish her husband brings home? What is she doing besides sitting home and filing her fingernails and talking on the telephone?

My mother used to be tickled pink when my father brought home anything that ran, flew or swam. In those days the head of a family had to go out and hunt up food.

Times have sure changed and a dame like you who think women should be carried around on satin pillows will see the ruin of civilization I say we'd all be better off if we went back to nature — back to the soil, back to the tree and the stream. — JIM.

Dear Jim: Yep, you just go right back in that tree. And ask your wife to write to me when you open a branch office.

Dear Ann: I could have kissed you for labeling TV "That Idiot Box."

It's shocking how people will sit and watch TV by the hour just because they think it's free. Apparently they consider their time is worth even less than the junky programs they watch.

This reminds me of my father's pet adage, "No wonder time flies—it has to. So many people are trying to kill it."

Keep up the good work, Ann. You're a bright light in a dark world. — HARTFORD HENRY.

A Teacher's Advice

Dear Ann: Recently you printed a letter from a high school teacher who wanted to know what to do about a girl student who imagined herself in love and became quite a pest.

I'm a high school teacher who once had a similar problem. This is how I managed it:

When I started to teach music a

few young girls began to hang around after class. Some would look in on the evening and a couple actually dropped in on me at home.

I sensed I was on the spot and decided to date more often and bring the young ladies to every school function. This made it plain I was interested only in girls my age and the young students soon became less romantically inclined. — J. L.

Confidentially

TO PIG LATIN PETE: Stop looking in ooz - bay oints - jay for that eem - dray il - gay. "Home girls" are at home.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self addressed envelope.

The Doctor Says

By Dr. H. T. HYMAN

Sunlight, Drugs May Spell Misfortune

Not so long ago, going for a swim was a simple, straightforward performance. You undressed, hung your clothes on a hickory limb, did or didn't put on a bathing suit, dived in, splashed around, dried in the air, dressed and went on your way.

Dr. H. T. Hyman

Not so today. You need an accessory equipment goggles, fins, a suntan preparation, a sunburn preventive, a box of tissues for sneezing on or smearing off one or other or

both preparations. And then, maybe you don't go in the water at all. You sunbathe, alligator-fashion, on the beach or at poolside.

Now you wouldn't think there was much danger in this sort of swim that involved a minimum of exposure to water. But there you might be wrong as a trio of skin specialists warned in a recent issue of the Journal of the American Medical Association.

IT SEEMS THAT when you apply certain sun tanning agents and then expose yourself to artificial or real sun rays, you may find yourself suffering from a skin irritation (dermatitis) that stings or burns and that causes an eruption of blisters, little raised nubbins (papules) or hives. And if you apply certain sunburn protectives, you may find yourself with a fairly long-lasting brownish discoloration of the exposed area.

But that's not the worst. If you happen to be taking one of a long list of drugs and then sun yourself, you're apt to develop any one of a number of unpleasant and/or unsightly skin reactions on exposed surfaces.

These so-called photosensitive or phototoxic reactions may ruin what might otherwise have been a delightful and relaxing holiday.

HERE IS A PARTIAL list of commonly used drugs that may produce a photosensitive or phototoxic eruption if you happen to be in the relatively small group of people who have the misfortune to be candidates for unpleasant skin reactions: (1) a sulfa preparation; (2) an antidiabetic mouth tablet (not insulin); (3) a drug that stimulates the excretion of

retained body fluids (diuretic); (4) certain tranquilizers; (5) certain antihistamines; (6) certain of the miracle antibiotics; (7) certain mouth tablets used in the treatment of ringworm and related conditions.

Fortunately, none of these reactions is more than a nuisance disturbance. Thus far, there have been no reports of serious effects or of permanent scarring or discoloration. But I thought you might like to know that it's sometimes a good idea, if you're going for a swim, to swim in the water.
